

Welcome

Later Life Learning offers the mature audience a public forum where prominent speakers and experts discuss a variety of interesting topics, such as politics, economics, labour relations, new technologies, health and life issues, and the arts.

Up to 300 hundred people enjoy the lecture on Friday mornings.

The lecture is 1 hour long and starts at 10:00 a.m. There is then a short coffee break followed by a 45 minute question period. The lecture ends at 12:00 pm.

**Thank-you:

IS AGING A DISEASE? UNRAVELLING THE RELATIONSHIP

All animals, including humans, age. However, our understanding of the aging process is very incomplete. Recently, some researchers have even proposed that aging should be considered a disease with the implication that perhaps aging could be cured. In this five part series we will address several questions. What is aging? What is disease? In addition we will examine the critical role that cultural innovations have played as the primary driving force of human evolution and aging.

All five lectures by **Dr. Michael A. Singer:** Emeritus, Queen's University

Oct 25: “**What is aging? An Evolutionary perspective:**” Part 1

Nov. 1: “**What is aging? An Evolutionary perspective:**” Part 2

Nov. 8: “**What is disease? Cross Cultural Comparisons.**”

**Nov 15: NO LECTURE
CHURCH BAZAAR**

Nov. 22: “**Culture, prior to 10,000 years ago, as a driver of human aging and evolution.**”

Nov. 29: “**Culture, over the past 10,000 years ago, as a driver of human aging and evolution.**”
